**OFFICIAL PROGRAMME 20p**

WELCOME to the Stoop Memorial Ground for today's game between St. Luke's and our old rivals Loughborough Colleges. This annual encounter has a fine reputation in rugby circles, and we hope that today's game will live up to this reputation. Both colleges include a large number of internationals amongst their past students, and it is not inconceivable that future international players will be playing in today's game.

The esteem in which this game is held is reflected by the number of guests who have been able to attend. We would like to thank them for their attendance, it is very much appreciated.

The organisation of this game is a major task, and I would like to thank the Loughborough secretary, Nick Cousins for his help. We are also very grateful to Harlequins R.F.C. for the use of their ground and facilities. The St. Luke's side of the arrangements have been ably co-ordinated by K. R. Price, a former secretary of the club, and I am indebted to him for his help.

The rugby club would like to extend their thanks to Martin Underwood who has devoted a lot of time and energy to prepare the team for to-day's game.

Finally I would like to inform all the "Ex-Lukies" here today that on Sunday, 7th March at Torquay R.F.C., K.O 3.00 p.m. there will be a St. Luke's Past v. Present game. It is hoped to arrange the annual club dinner for that evening. For further information please contact me as soon as possible.

## ***Today's Referee***

MR. ROGER QUITTENTON

We welcome Mr. Quittenton to the Stoop Memorial Ground today and hope that he will enjoy his first experience of the St. Luke's v. Loughborough match.

Mr. Quittenton, who is head of the mathematics department at Worthing VI Form College, took up refereeing when an injury ended his playing career. He has already reached international standard, having refereed last year's game between France U23 and Rumania.

Finally we would like to thank the London Society of Referees for, once again, providing the official for today's game.
