

**LOUGHBOROUGH COLLEGES**

versus

**ST. LUKE'S COLLEGE EXETER**

**STOOP MEMORIAL GROUND  
TWICKENHAM**

**SATURDAY  
20th FEBRUARY 1971**

**K.O. 11.15 a.m.**

**Official Programme 10p**

Welcome to the Stoop Memorial Ground for the thirteenth encounter between these two colleges. St. Luke's are leading the series by nine matches to three.

We would like to extend a warm welcome to the following guests from the R.F.U.: Sir William Ramsey, C.B.E., the President, R. E. Prescott, the Secretary, K. H. Chapman, the Treasurer, representatives from the England selectors panel; also the committee of Harlequins R.F.C.

As hosts on this occasion Loughborough Colleges R.F.C. are indebted to the Howell Thomas and the Harlequins committee for letting us use their ground, and doing so much to smooth our way; They have taken much of the burden off our shoulders.

This year we have a new innovation in that the game is being televised for the B.B.C. programme 'Rugby Special'. We are grateful to Mr. Alan Mouncer of the B.B.C. for his co-operation in making this possible.

The preparation of this programme has been very difficult owing to the postal strike. A special word of thanks to Jake Spear of St. Luke's who made the arduous journey from Exeter to Loughborough to deliver all the information from his end, by hand. Also apologies to any players whose last minute efforts earned them a place in their college team, and then found they were not 'spotlighted' in this programme. I hope you understand the predicament we have been in. Finally, we hope you all enjoy a first class match today, and thank you all for your support.

JOHN R. CRIPPS,  
(Magdalen College School, Brackley)

N. CAMERON,  
(Isleworth G.S.)

## LOUGHBOROUGH play ST. LUKE'S

by Waverley Cameron, President, Loughborough Colleges Rugby Club

Once more it is the now historic Loughborough v Luke's match which attracts us to the Holy Rugby See of Twickenham, within the cloisters of the ageing Cathedral across the road, known affectionately the world over as 'Twickers'. By the generosity and co-operation of the Harlequin R.F.C., we are in the Stoop Memorial Ground. To the Quins a very sincere vote of thanks.

To those who have attended these matches throughout the years another thriller awaits you. To those who come for the first time, welcome and after reading this, proceed to get yourself as 'psyched' up for the kick-off as everyone around you and under your feet in the dressing rooms is doing at this moment. For those who attend this Match for the last time before leaving the country for overseas assignments—there are always some—it is hoped that the gospel of the Science of Rugby will be carried wherever they go and perhaps over a chota peg or tiffin, maybe even over a highball, someone will ask "Have you ever seen a Loughborough v Luke's Match?"

Last year, while having a cup of tea in the public Tea Room the accent of a middle aged husband and wife attracted my attention. Conversation revealed that they had travelled from the North East

of England arriving early on the Saturday morning. The North East was snow bound and they had been compelled to abandon the car, walk through the snow and take to the 'milk trains' or any train which was running. Why this determination? Their son was playing in this great match and nothing was going to stop them being present. A Doctor and his family also travelled from Auchterader in the Highlands of Scotland for the same reason. The human and dramatic factors in this annual contest are limitless.

Having mentioned the parents of the players once, may we say how glad we are to have them here. Fathers and Mothers are essential contributors to any great Rugby Team and are too often ignored in the excitements of the big occasion. To the players' parents then, a very big welcome, have a great afternoon and thank you for encouraging your sons in the way of life called Rugby.

So in this great Centenary Year of English Rugby, we await the moment when thirty young men will run out from the tunnel to a baptism of tension which they will never again experience at this degree of intensity. Already beneath your feet the mundane task of tying a bootlace has become the most difficult operation. The sound of your feet shuff-

ling overhead, the hum of your conversation, are now the most hated sounds in the world. Such is the build up for the big match.

As the host Club, we welcome Luke's to another 'do or die'. We welcome their officials and supporters. This is a game unique in the Rugby Calendar. Thirty experts, before at least a thousand experts, will demonstrate the skills which go to create a game of Rugby. In this contest the three officials who will handle the game have a greater significance than in

any other game played in the Country, even Internationals. We thank these officials for their willing participation and wish them a memorable afternoon.

Let us end with the players. One has to be close to these young men to appreciate the dedication, pain and agony of effort which culminates in wearing a College shirt here today. In the years to come, in any Rugby circle, it will be enough for a man to say, "I played for . . . . . Loughborough, I played for St. Luke's".

#### LOUGHBOROUGH COLLEGES OFFICIALS

- President:** Mr. W. Cameron  
**Chairman:** Mr. J. T. Greenwood

## Loughborough Colleges Team

JENKINS, P. D. L. (*Whitland G.S.*)

Full Back, Age 21, Ht. 6ft. Wt. 12st. 8lbs.

Phil is a third year P.E. and History student who played in this game last year. He is a W.S.S.R.U. trialist, who this year has played for Leicestershire, and recently been capped by that county. Phil's ever increasing attacking play was also recognised by the Midland Counties (East) selectors, who named him in their side to play against the Fijians. His home club is Llanelli for whom he played during the Christmas vacation.

P. D. L. JENKINS

DICK, L. G. (*Morrison's Academy, Crieff*)

Right Wing, Age 20, Ht. 5ft. 10ins. Wt. 12½st.

Louis is a second year P.E. and History student and another who played in last year's game. He played for two years in the Scottish schoolboy side, and is also a Scottish schoolboy international athlete. This season Louis has played for English Universities and Leicestershire. He also played with some distinction in both this season's Scottish trials.

L. G. DICK

BARLOW, G. (*Ealing G.S.*)

Centre, Age 20, Ht. 5ft. 10ins. Wt. 12½st.

In his first year at college, Graham has readily accepted first team games that have come his way to show his tremendous potential. At school he played for Middlesex Schools and London Counties Schools. Graham is a cricketer of some renown having played for England and M.C.C. Schools and the Middlesex 1st XI.

COOKE, D. A. (*Gravesend G.S.*)

Centre, Age 21, Ht. 5ft. 10ins. Wt. 13½st.

Like his fellow centre Des Diamond, Dave is a third year P.E. and Geography student. He played against St. Luke's two years ago, in the game at Richmond but in that game he played on the wing. At school Dave played for the Kent and London Counties teams and in season 69-70 played for the Kent senior XV. This season Dave has played for Leicestershire as well as English Universities.

D. A. COOKE

C. F. W. REES

G. BARLOW

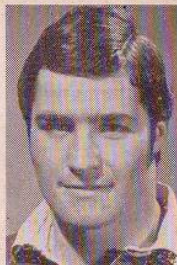

A. R. COWMAN

S. SMITH

R. E. PIGGOTT

COWMAN, A. R. (*Workington G.S.*)

Outside Half. Age 21. Ht. 5ft. 11ins. Wt. 11½st.

Dick is a post graduate from Newcastle University who is studying P.E. and Physical Sciences at college. Last season he was a member of the Newcastle team that shared the U.A.U. championship with Bangor. Dick has really made a name for himself this season, after many fine performances for colleges, his county, Cumberland and Westmoreland and English Universities (captain) he received a reserve card for the U.25 international against Fiji. Since then Dick has played in both of the English trials culminating in his being selected as a travelling reserve for the internationals in Cardiff and Dublin. Home club, Workington.

SMITH, S. (*King's School, Macclefield*)

Scrum-half. Age 19. Ht. 5ft. 10ins. Wt. 12½st.

Steve is a second year P.E. and History student. He played for Cheshire Schools before coming to College. This year Steve has played for English Universities, captained the Cheshire side in the County Championship, and been a travelling reserve for the U.25 international against Fiji. He is a member of Wilmslow R.F.C.

PIGGOTT, R. E. (*Kirkham G.S.*)

Prop. Age 20. Ht. 6ft. 2ins. Wt. 15½st.

Bob has converted to tight-head from flanker with some considerable success this season. He is a second year P.E. and English student who whilst at school played for Lancashire schoolboys for two seasons and had a final England trial. Bob's home club is Fylde.

GRAY, J. D. (*Woodlands Comprehensive, Coventry*)

Hooker. Age 22. Ht. 6ft. Wt. 14½st.

John is in his third year at college where he is studying P.E. and Music, and is club vice-captain. He is another who played in the corresponding game last year. This season John has played for Warwickshire, Midland Counties (West) and England U.25's against the Fijians, English Universities and both England trials. He is a member of Coventry R.F.C. and plays regularly for them during vacations.

COTTON, F. E. (*Newton-le-Willows G.S.*)

Prop. Age 22. Ht. 6ft. 2ins. Wt. 16½st.

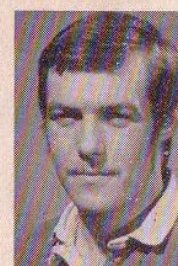

Frank is in his first year at College studying P.E. and Maths. He has played for Lancashire, North-West Counties and England U.25's against the Fijians, English Universities and in both the England trials this season. Like Dick Cowman he was a travelling reserve at both Cardiff and Dublin. Frank's home club is Liverpool where last season he was vice-captain.

F. E. COTTON

M. W. TRAPP

J. H. KERR

S. GODFREY

TRAPP, M. W. (*Eastbourne College*)

Lock. Age 22. Ht. 6ft 4ins. Wt. 15½st.

A third year P.E. and Geography student, Maurice has turned his attention this season from rowing to rugby. His size and strength has been a great asset in the second row. His home clubs are Harlequins and Marlow.

KERR, J. H. (*Coleraine Academical Institution*)

Lock. Age 19. Ht. 6ft 4ins. Wt. 15½st.

In his first year at College where he studies P.E. and Physical Sciences, John's aggressive all round play has earned him the position of being the only player who has played in every first team game this season. He is an Ulster Schools cap at U.18 and U.19 level and this season has played for English Universities. John's home club is Ballymena.

GODFREY, S. (*Windsor G.S.*)

Flanker. Age 19. Ht. 6ft 1in. Wt. 12½st.

A first year P.E. student, Steve has proved a very able deputy for club skipper Pete Dewsnap, and his game is improving with every match he plays. Whilst at school Steve played for Berkshire, and this season he has played for the senior Berkshire side in the County Championship. Home club is Rosslyn Park.

JACKSON, D. S. (*Leeds Modern School*)

No. 8. Aged 21. Ht. 6ft 2ins. Wt. 15st.

Dave is in the fourth year of the B.Ed. course studying English Literature. This would have been his fourth game against St. Luke's but for having to cry off at the last minute last year with a thigh injury. An English schoolboy international he has since earned a county cap for Yorkshire and this season has been playing for Leicestershire. He has also played in both the University Internationals. Dave's home club is Notts. R.F.C.

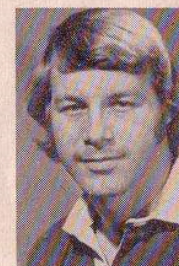

MURRAY, M. (*Parmiters School*)

Open Side Flanker. Age 21. Ht. 6ft. 4ins. Wt. 14½st.

Mike is in his second year at College where his subjects are P.E. and Biology. He had never played rugby before coming to college and in fact goal for the London Schools soccer team. He has adapted himself very quickly to his new game and at one time or another has played for the first team at both lock and No. 8 before settling for the open-side berth. His home club is Wasps.

# St. Luke's Team

ALAN MORT

PETE KNIGHT

ALAN FRIELL

DAVE SCOTT

GRAHAM ANGELL

MORT, A. (*Dyfryn Comp. School*)

Full Back, Age 20. Ht. 5ft. 8ins. Wt. 12st.

Alan is a first year P.E. and geography student who comes from a 'rugby family'—he has brothers playing for premier Welsh clubs Newport and Penarth. A W.S.R.U. final trialist and county player. Alan has also played soccer at similar levels; proving himself to be a nippy, natural ball player with great ball control. Original offers of a professional soccer career with either Newport County or Bristol Rovers, were sacrificed for Alan's 'A' levels and entry into St. Luke's.

KNIGHT, P. (*Bristol Cath. School*)

Wing, Age 23. Ht. 5ft. 11ins. Wt. 11st. 10lbs.

Pete's renown wing play has earned him places with the successful Gloucestershire team, Western Counties v. Fiji, Bosuns and Bristol for whom he plays in the vacation. In his 4th year as a Bedford student, Pete has created a record for his fourth successive Luke's/Loughborough appearance.

His speed combined with experience and natural flair give this dangerous winger that try scoring hunger—satisfied only by last minute winning tries—last year's being no exception.

FRIELL, A.—Vice-Captain (*Ashford G.S.*)

Centre, Age 20. Ht. 6ft. 3ins. Wt. 14st. 6lbs.

Alan, this year's Vice-Captain of the Club, has been troubled with many leg injuries this year but is now fit and raring to go in today's match.

His size and initial speed give him advantages that Anglo-Scots, Stanley's and Middlesex XV's, as well as the London Scottish have realized and Alan is looking to the future with great confidence Subjects—P.E. and Biology.

SCOTT, D. (*Streathalen G.S.*)

Centre, Age 24. Ht. 5ft 9ins. Wt. 12st. 8lbs.

Dave is another Scot in our three-quarter line-up and has won a Scottish Cap for hockey. However, he is just as dangerous with a rugby ball and exceptionally fit.

Though not as big as Alan Friell, his jinking runs have often paved the way for 3/4 tries, a player with great spirit and tackle. Main subject P.E. and subsidiary, Geography.

ANGELL, G. (*Shebbear School*)

Wing, Age 22. Ht. 6ft. Wt. 14st. 3lbs.

Two years ago Graham played in several England trials and has since played with his county—Devon, in the County Championship, against the S. Africans, the Fiji's and his clubs are Exeter and Liskeard/Looe.

His increasing size makes his speed the more dangerous and tackles have to be really hard to affect his strides. Graham is in his third year—three Loughborough matches—and is studying P.E. and English.

MILLS, T. (*Hemsworth G.S.*)

Fly Half, Age 20. Ht. 5ft. 9ins. Wt. 11st. 10lbs.

Captain of his school team also played for Yorkshire as captain and arrived at Luke's with a cap.

His early concentration on the basics of the game have now given him a sure pair of hands and that 'extra yard' so vital for a man in this position.

The team's kicker he has put over many goals this season and has a powerful drop kick. A second year student—studying P.E. and History, playing with Morley in the vacation.

GRIFFITHS, F. (*Ludlow G.S.*)

Scrum Half, Age 21. Ht. 6ft. Wt. 13st 1lb.

A powerful scrum half is always an asset to a team, providing a strong, vital link with a fast 3/4 line. In Frank, the College has such a player—who is also fast in the open field. In his third year at College Frank is studying P.E. and Maths and has played in many vital college wins with Terry Mills.

NEEDHAM, R. (*Bingley G.S.*)

Prop, Age 21. Ht. 5ft 10ins. Wt. 14st. 7lbs.

Another Yorkshire lad, Ray has moved up through the College teams with many displays of determined rugby. Though not large for a prop he is a very fit and 'hard' player.

While still at school he was selected for the final North of England trials and has played cricket for Yorkshire Schools and is studying P.E. and R.E. as his college subjects.

PYNE, J. (*Exmouth School*)

Hooker, Age 20. Ht. 5ft. 10ins. Wt. 13st. 9lbs.

A local player, John has been at College for two years and is studying Biology and Physics for his subjects. He also plays for his local team—Exmouth in the vacation time.

As a hooker he is ably supported by his two props and many college scores have come from his fast heeling. Only one complaint from John—hardly any printers managed to spell his name correctly!

SAMBROOK, B. (*King Edward VI, Totnes*)

Prop, Age ? Ht. 5ft. 10ins. Wt. 14st., 12lbs.

Brian has been partnering John Pyne and Ray Needham this season and plays for Paignton in his vacation time.

Little is known of Brian especially his age as the mature gentleman of the team, but he takes all the joking very well—and still is the dark horse of the team—but fit.

TERRY MILLS

FRANK GRIFFITHS

RAY NEEDHAM

JOHN PYNE

BRIAN SAMBROOK

STEVE GUBBY

MIKE FRANCIS

PHIL COOKE

GUBBY, S. (Francis Coombe School)

2nd Row. Age 23. Ht. 6ft. 5ins. Wt. 15st. 5lbs.

As a basketball player Steve has successfully appeared for England and Great Britain but this is his first full season of rugby. He joined us from the Army and has boosted many sports clubs in College. His feats in the line-out have been marvelled at by our supporters and some runs of his—even he marvels at! Great hands.—Studying P.E. and History—unattached clubwise.

FRANCIS, M. (Kingham Hill, School)

2nd Row. Age 28. 6ft. 3ins. Wt. 16st. 11lb.

Mike has been playing for college teams for the past two seasons but this year has been in strict training for the first XV! His county team—Sussex and his own club Haywards Heath have always been appreciative of his strength in the field and his clubmanship off it. —A water polo player and an international footballer—or so he says for Sark!

COOKE, P. (Palmers School, Essex)

Flanker. Age 21. Ht. 6ft. Wt. 12st. 5ins.

Phil has been playing consistently for the college and wins a place in favour of Dave Mamis (Cumberland and Westmorland) who has played 98 times for College.

Phil is a third year student and plays for Thurrock R.F.C. in his vacation time. He played for Eastern Counties while in school and his speed off the mark makes him a determined tackler.

POPE, J. (Ferndale G.S.)

Flanker. Age 22. 6ft. 13st. 2lbs.

As a captain, John leads by example and his sheer determination to get his man makes him a feared forward.

On the B.Ed. Course, John played last year and is this year's Club Captain. He has scored many fine tries for the College this match.

year and will be keen on leading his side to victory in this classic A.W.S.S.R.U. final trialist, he is fast and tremendously fit, adding to his determination to win.

HOLLINS, A. (Oakhampton G.S.)

No. 8. Age 22. Ht. 6ft. 3ins. Wt. 15st. 3 lbs.

Andy has played for Devon/Cornwall and was playing for South West Counties v Fiji when badly injured around the jaw. However he has now fully recovered and has been playing extremely well for our 1sts. His playing experience includes the South African Match and many county games.

He comes from the same school as Alan Pearn, last year's s. rum half now playing for Bristol, and has great days ahead of him.

JOHN POPE

ANDY HOLLINS

## LOUGHBOROUGH SEASON SO FAR

It's been a funny season for Colleges—and it's always likely to be funny while some Counties play on Wednesday, and some on Saturday. As a result of County calls and injuries, forty players have turned out in our 1st XV. Significantly, we were unbeaten before the Championship started, and are unbeaten (to the time of writing) since it reached the play-off stage. It's also been a very good season: five of our players have reached national Final Trials, and two of them as travelling reserves for England. Two played in the under-25 England side against the Fijians, and one was travelling reserve. All in all, it's been very satisfactory and the best thing about it has been the growth—dispite the interruptions—of team and club spirit. This is a great sign for the future—immediately, in that we expect ten or eleven of the present XV to be available next season,

and in the long term, as every playing member of our club teams now receives coaching. The Club owes a lot to Rex Hazeldine, Rod Thorpe, and John Smith for the amount of time and energy they put into organisation and practice. Behind the scenes, too, we owe much to Paddy Diffley, our Fixture Secretary, and the Committee members who organise our socials and money-raising schemes. Without them, we'd be the poorer in every way.

Today's game should, as ever, be a cracker. It's easy to forget in the partizan atmosphere of the match that what makes us rivals far more in common than either club has with any other. I'd like to see that reflected in all the spectators today. The best way to watch the match is to see it as a whole—to cheer your own team, clap the opposition, and enjoy all the rugby.

## ST. LUKE'S SEASON SO FAR

This season's mixed results have been due to several reasons—heavy early season injuries and the continual loss of key players such as Alan Friell, Andy Hollins and Dave Morris. Our first team squad has been changed around so much that difficulties have arisen both in attack and defence. However, we have players back in training now and the College fifteen is more settled. Mr. Martin Underwood, chief coach, has been committed heavily to centenary work but recently several good results have been encouraging for us. The weather has been kind to us this year and few matches have been postponed or cancelled, but the heavy soil of Devon certainly slowed down several games, and the advantage was sometimes not with us.

New boy Alan Mort, converted from wing has made several matches safe for

us with spectacular tries and the old firm of Knight and Angell has been scoring regularly for the team. In the last term, the pack has been getting through some tremendous work in the heavy weather with skipper John Pope leading the side with determination and several important tries.

Finally finance. Our College team has had coaching offers from America—Missouri R.F.U., from Ireland, from various parts, and the only thing to hold us back is money. As with all Colleges our commitments are widespread and the fixture list could be large enough for our six teams to play each day!!

For this game we offer our best wishes to Loughborough—the team and the committee—this year our committee can take a rest—may the day go smoothly and the result be the fairest.
