

In January I promised to sort out some new pages including uploading letters from Dai and continuing to process of moving photos to the new gallery.

Instead, nothing!

Well, not quite nothing. Monty Hannant spotted a clip about Sir Richard on Flog It a few weeks back and I did get around to grabbing the clip and posting link on the website.

However, the weeks have rumbled on and we are fast approaching our June get together in Killerton and our annual match against Broadclyst.

A reminder that if you are intending to play cricket against Broadclyst, can you let John Davies and or Taffy Thomas know so that they can prepare a team sheet. The weather is warming up so I'm pretty sure there are some nets near you all where you will be able to put in a bit of practice.

A couple of reminders.

I will be arriving at The Fisherman's Cot in Tiverton on Friday 23rd until Monday 26th of June.

We have provisionally booked to have our meal at the Fisherman's Cot on the Saturday evening.

All things being equal we will call in to see Denise at Killerton on the Sunday morning.

The cricket match will be held on Sunday 25th June from 2:00pm

I will contact the Fisherman's cot in the next week or two and get hold of a menu and circulate it. I will probably do as I did last year and ask for choices beforehand just to help with their catering.

Another reminder/plea: Each year Denise reminds me that they are eager to receive some "audio stories" to include in their displays. If any of you have a few minutes to record an anecdote of your time at Killerton, especially if it could include Sir Richard, it would be very much appreciated. Most mobile phones now include an option to record brief messages. They need not be long, just a few minutes. Just forward them to me and I'll compile them and pass them on to Denise.

That's about it at the moment, life is sort of overtaking me just recently and If I don't send this off the likelihood is that I'll be sending after the meet up in June.

Very best wishes.

Steve
