Roger Dickson is probably the happiest man in the UK this year. Apart from his numerous golfing tours and successes, as a long suffering but staunch supporter of Crystal Palace, his faith has finally been rewarded with the 1 O victory at Wembley last month.

Many people are unaware that his association with club goes back many years, Apart from his undying support for the club, he has been a commentator providing audio commentary for blind or visually impaired supporters at Selhurst Park for over 40 years

I look forward to seeing all who are able to get along to Exeter in a few weeks time.
